Errata for Blue Max Aircraft Maneuver Schedules

Players may want to correct some of the errors that have worked there way into some of the Blue Max aircraft maneuver schedules. Listed below is a list of corrections for players wishing to correct the Aircraft Maneuver Schedules that came with their Blue Max miniatures rules.

1) Ignore the maneuver schedule that has only the Siemens-Schuckert DIII/DIV & Sopwith Snipe. There is another maneuver schedule that is the same but with the Fokker DVIII added to the bottom of it. Use the one with the Fokker DVIII instead.

2) On some of the aircraft maneuver schedules, maneuver number 9 needs to be corrected. The correct digits for maneuver number 9 should read 9R2 and 9L2. On some schedules, maneuver number 9 reads 9R1 and 9L1 which is incorrect.

3) On some of the aircraft maneuver schedules, maneuver number 11 needs to be corrected. The correct digits for maneuver number 11 should read 11R2 and 11L2. On some schedules, maneuver number 11 reads 11R1 and 11L1 which is incorrect.

4) Below is a list of aircraft maneuver schedules (late war) that need their maneuver numbers 2, 3, 6, 7, 8, 10, 12, 13, 14, 15, 16, and 17 changed to 2S1, 3S2, 6S1, 7S1, 8R1, 8L1, 10R1, 10L1, 12S2, 13S2, 14R2, 14L2, 15R2, 15L2, 16R2, 16L2, 17R2, and 17L2.
